

Harvard Graduate Women in Science and Engineering 10TH ANNIVERSARY

WISE Beyond Your Years Symposium

April 25, 2015

Geological Lecture Hall

24 Oxford Street, Cambridge

10:00 AM Poster Session
1:00 PM Alumni Panel
2:15 PM Keynote Address
3:30 PM Discussion Panel
5:00 PM Networking Social

Discussion Panelists

Suzanne Gaudet
Assistant Professor of Genetics,
Harvard Medical School

KEYNOTE SPEAKER:

Susan Lindquist

Susan Lindquist, professor of biology at MIT, is a pioneer in the study of protein folding. She has shown that changes in protein folding can have profound and unexpected influences in fields as wide-ranging as human disease, evolution and nanotechnology.

TONY RINALDO

Radhika Nagpal
Fred Kavli Professor of Computer Science,
Harvard School of Engineering and
Applied Sciences
